

# PROJECT-Create website using Canva

Website link: <https://nextgenstyles.my.canva.site/>

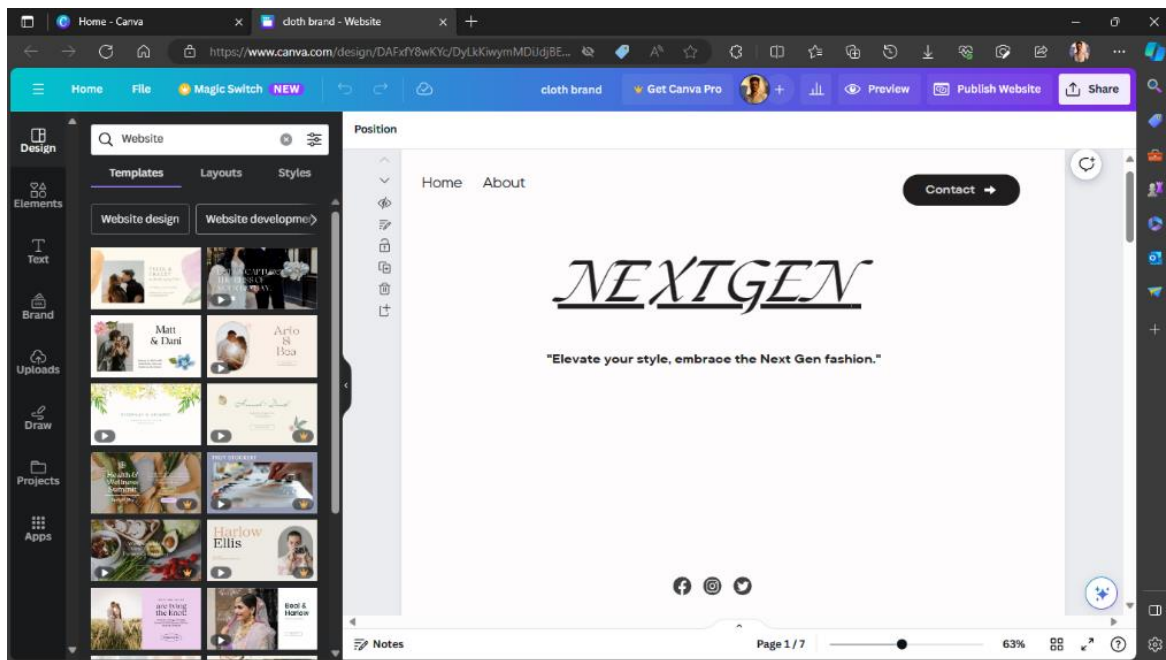

Lets see how we developed this website:

Step:1

Open Canva to creating new design

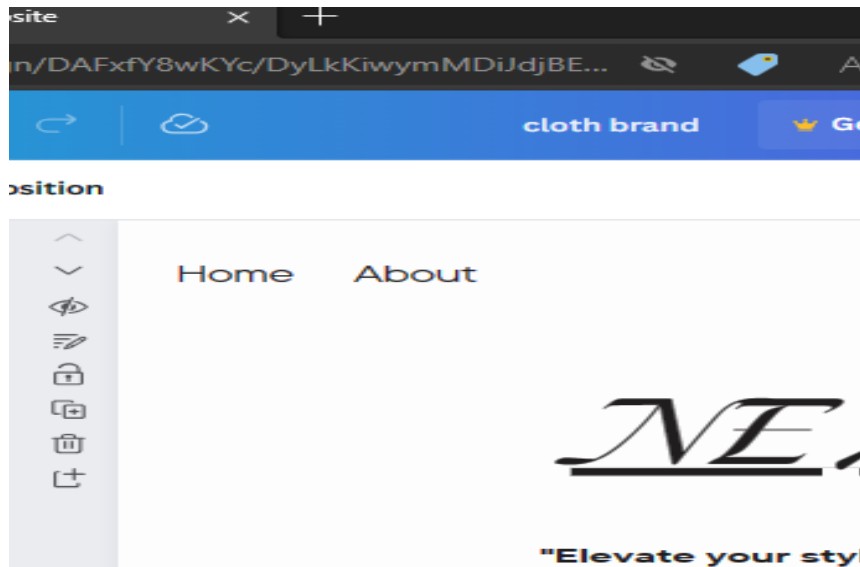

Step:2

We select the new gen as an cloth brand !

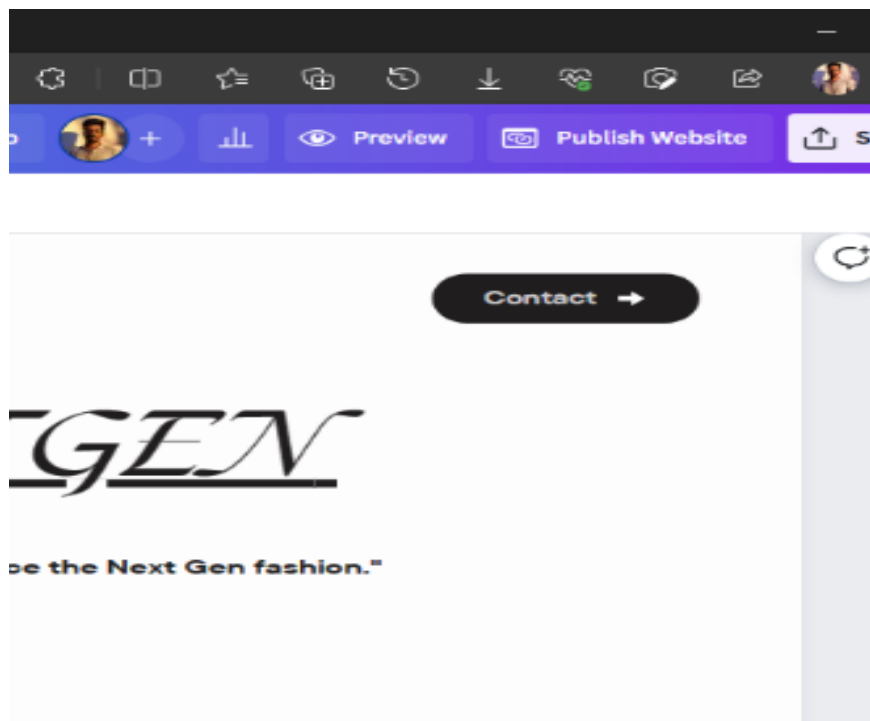

Step :3

We are started to easy access for adding home button

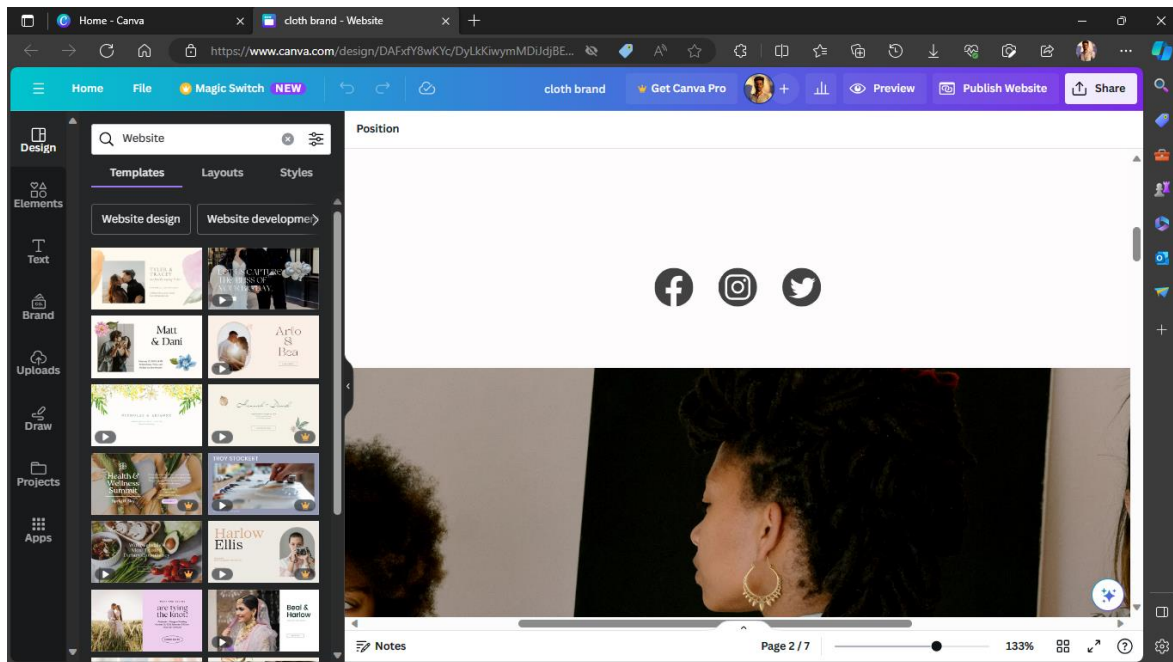

Step:4

For an communication purpose we add contact icon button

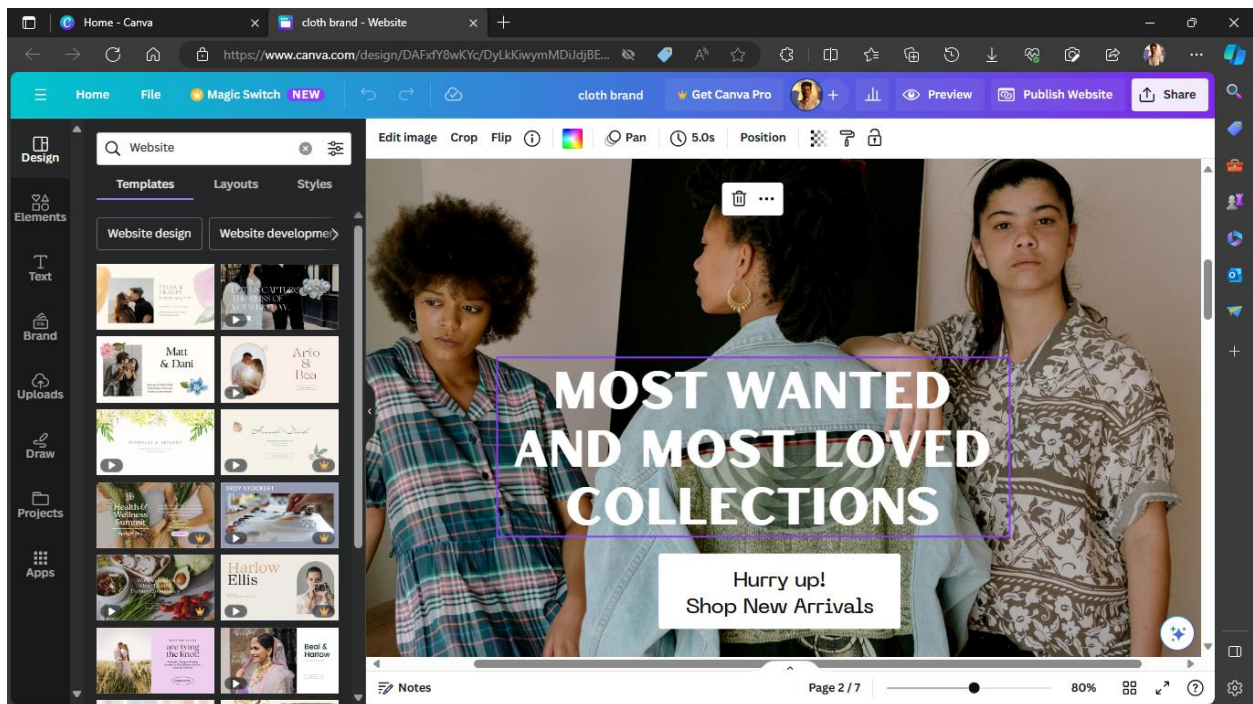

## Step:5

We add top most social media account for better knowledge about our brand

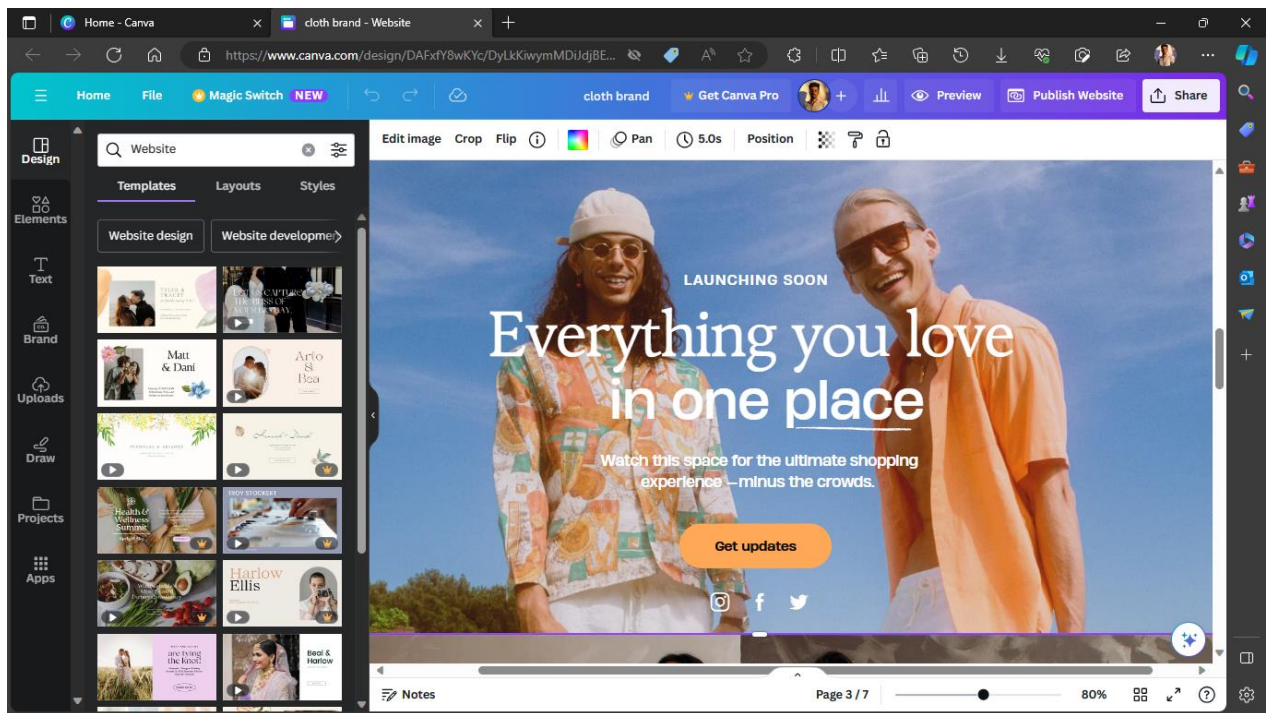

## Step:6

We make new collection for women, new banner has implemented

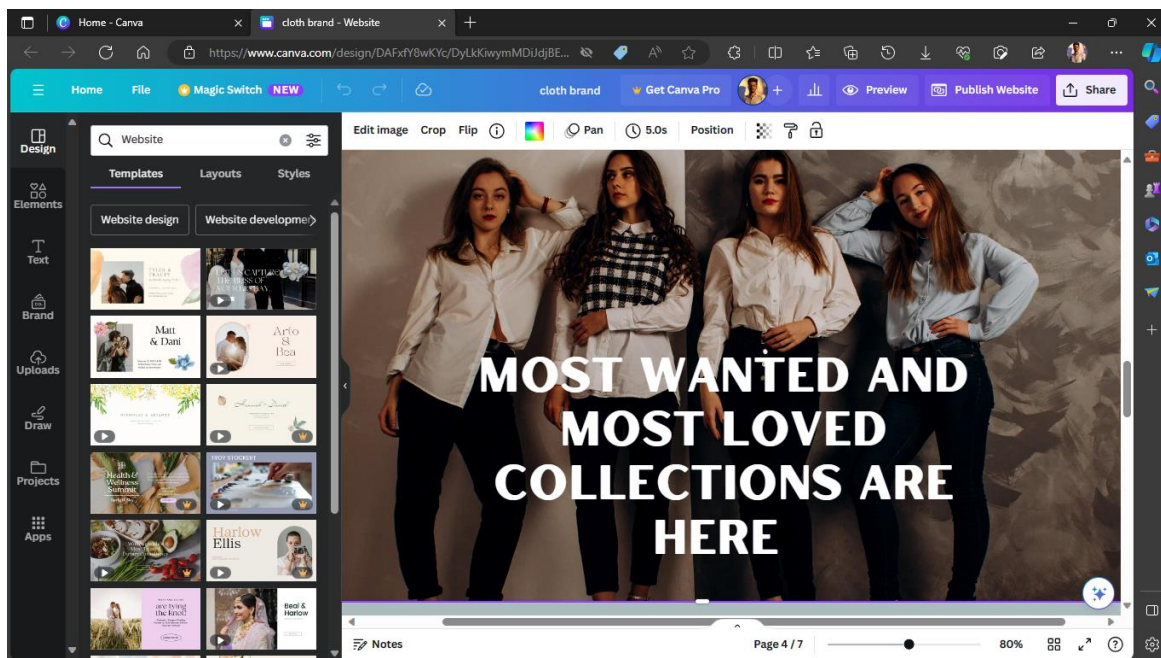

## Step:7

And we also have for men collection

## Step:8

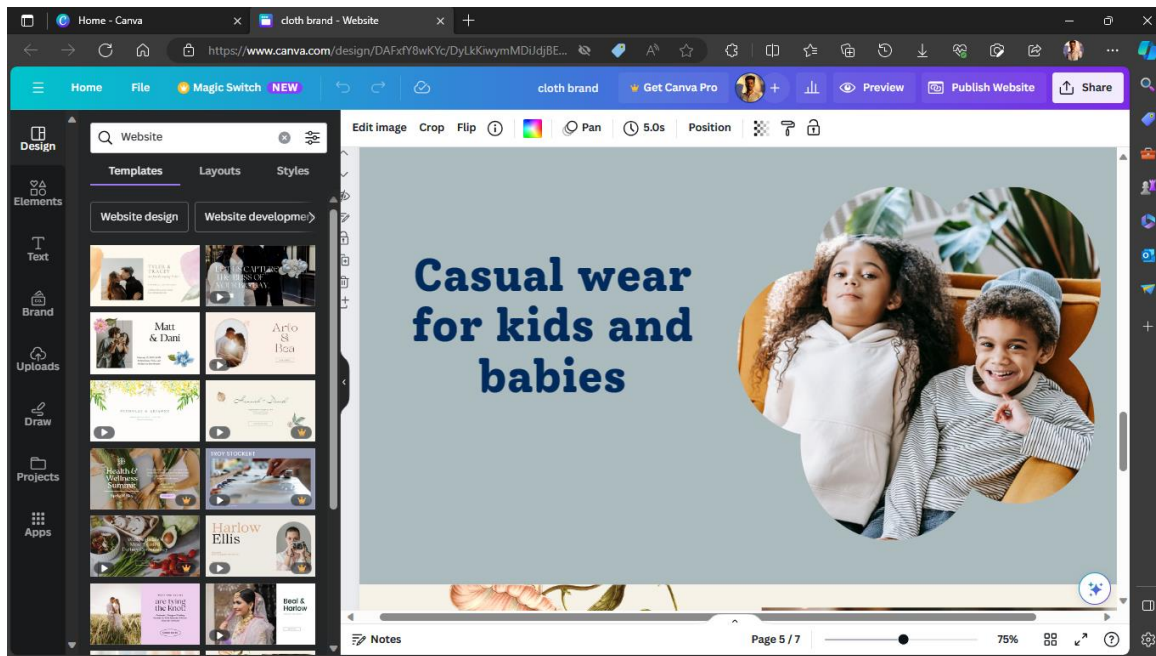

Adding of new trendy styles for teenagers

## Step:9

Newly adding for kids sections

## STEP:10

At last install our newly launched apps in both of ios user can download in apple app store and android user can download in play store
